Then I took to running, but thank God, there came a time when my running helped me to a place.

AM I SAVED?

HOW SHALL I KNOW?

Turn to God and Get a salvation that you may know of.

But this question is often asked with a good degree of sincerity by persons who are not far from the kingdom in conduct and sentiment. It may sometimes be asked by those who are believers but under temporary clouds. Satan is very busy going about as an angel of light. He tells everybody that they cannot know whether they are saved or not. What a fine trick! He gets believers to doubt until they become doubtful instead of believers. He gets sinners who are weary with doubtful hopes. So he leads down the middle wall of partition between the saved and the unsaved and gets them all together into Doubting Castle, which is the antechamber of his great slaughterhouse. Do you really want to know how you stand? Now I will give you some Bible marks by which you may know if you are saved.

WE KNOW.
Over and again in the Bible you read this confident expression "We know." "He that believeth on the Son of God hath the witness in himself." You will call this the "testimony of personal consciousness." You are conscious of your own faith in God, and of your entire surrender. You know that to the best of your ability you obey God. You are conscious that you love Him; conscious of a change of heart. You feel that you are a new creature. Notwithstanding all the contradictions of Satan and an overwhelming sense of your own unworthiness, still you know whether you have a real living faith in God. I know whom I have believed, and I am persuaded that He is able to keep that which I have committed unto Him unto that day. "But, as strong as this assurance, we are not to rest on this alone. Because Satan is so good at countering that he can put most of all these good feelings into his own children. It is necessary, therefore, to have still higher marks that is

THE WITNESS OF GOD'S SPIRIT.

"The Spirit Himself beareth witness with our spirit that we are the children of God." This is the Spirit of truth. God cannot lie. He will not tell you you are a saint if you are a sinner. But of course the Holy comes with the sheep's coat on to whisper to awaken sinners, and tells them that they are sinners. But do not deceive. There are still other marks by which you can test yourself if you are honest, which will keep you from being deceived.

TRUE FAITH IS SHOWN BY GOOD WORKS.

A tree is known by its fruits. I remember an old man who called to me about Christianity. He claimed to be a true Christian. He told those two last very nice things. He thought he was up to the mark, full right in him. Still, though he had the Spirit of God. But when I put this test, his eyes flashed terrible terror. He admitted that his works were bad; his life was wrong. He was following drunkenness and other

sins, yet all the time he thought he had a good "experience."
Since the truths of heart salvation and a living experience have been fully taught, Satan has found it necessary to invent all sorts of sham experiences. His shop is full of sham, parades, sham missions, sham holiness, sham happiness, sham shouting, sham tears. In fact, it looks like a toy shop in the holiday season, filled with beautifully dressed dolls and gewgaws of all sorts. When persons get a little awakened about salvation they think they ought to have a living experience, the devil gives them one of these dolls and tells them it is a real living mighty creature. Now you see it is necessary to ask this doll to go to work! See if it can do anything; see if it can win sinners to Christ; put some good healthy salvation duty upon it. Here's a little at once. Christ's testify: can't march in the streets; can't sell Van Clays; can't pray with feeling words; can't go on the last stand to seek the lost. Good reason why.

ANSWERING IN ORDER IN A TEST.

If you are saved you must grow. You may have saved bodies live for many years, but if you do not reach their truth. The Bible tells us that "new born babies desire the sincere milk of the word that they may grow" (1 Peter 2:2). If you are saved, the word of God is sweeter to you than the honey in the honeycomb. "Blessed are they that hunger and thirst after righteousness, for they shall be filled." In the physical life, boys and girls used to grow and long to attain their full size. If you have in you the love of Christ, you will want to grow up unto Him, your living head in all things. Remember there is no standing still. If you are not growing, it is a sad sign that you are not dead. I beg you to be honest upon this point.

DOES YOUR HEART GOVERN ALL YOUR FEELINGS?

Are you going on to perfection? You say you have a hope of heaven, now read this. "Every man that hath this hope in him purifieth himself even as He is pure." We are all strongly warned upon this point. "Little children, let no man deceive you. It is that death righteousness is righteous even as He is righteous." "Whosoever is born of God doth not commit sin." Do you believe that the blood of Christ cleanseth from all sin? Do you believe that He is able to sanctify you wholly throughout soul and body and spirit? Are you enjoying that experience? If not, are you seeking for it with all your heart? Do you see that it is a life of cross bearing as well as of joy? Are you learning what it is to be dead to the world? crucified with Christ? A living sacrifice? If you are not with all your heart following that "Holiness without which no man shall see the Lord," you have strong reason to stop your having over persuaded the Spirit of God in your heart.

I CANNOT PERSUADE THAT YOU MAY APPLY THESE SCRIPTURE TESTS. DO THIS VERY HONESTLY ALL THE TIME YIELDING TO THE TRUTH.

THE TRUTH OF GOD'S SPIRIT.

"The Spirit Himself beareth witness with our spirit that we are the children of God." This is the Spirit of truth. God cannot lie. He will not tell you you are a saint if you are a sinner. THE HARBINGER CHARIOT, nineteenth day of the month. "Well, well, I am sure. I will not know what you mean. I can't tell you a lot about the old chariot; it can't be painted up a bit. No, no, that cannot be. Salvationists don't believe in painting a chariot, but now, what, let's have a look—there must be something in it, and about it, if it comes from Hallelujah Land."

thrown into great difficulties through the unavailability of the other sent by the General to take charge, and Commissioner Smith was selected to fill the vacant and arduous post, and send several to his London command after a few days notice. When the fact of his departure was made known at the Officers' Meeting nearly every officer in the Division volunteered to go to America with him, but this was, of course, impossible. Staff-Captain Whitmore, who had been his Lieutenant at Bristol and his A.D.O. in London, was recalled from Sweden to accompany him in his new crusade.

The Commissioner with his usual tact and soul soon restored things to order, and speedily brought about the cohesion of the broken and scattered remnants of the organization.

Notwithstanding great opposition, persecutions, and imperfections the Commissioner has succeeded since November, 1894, when the Army was re-organized, in opening 160 Stations, and thousands of souls have been converted.

ALL ROUND.

Hurry up! It is a standing motto with the true Salvationist, and some put it into practice. We know a Cadet who got her orders for the North-West at noon the other day and she was packed up, loaded on the cars waiting for the train to start for Winnipeg at 6 o'clock the same evening.

We heard of the Secretary and some Soldiers at a certain Station taking part in what is known as a "Coke Walk" the other day, we don't know what time was played during the ceremony. It could hardly have been for good souls, as the walk was in the direction of the car from earth to Heaven. We would, however, suggest that all who go to the parliament as soon as possible.

A bomb shell almost amongst certain trustees up north in the shape of a cheque from Headquarters in payment of an installment due on a building. They were so sure that the Salvation Army was dead that they had to consult a lawyer as to the legal heart of the matter. They have discovered that if dead we are still speaking and paying.

Peradventure they have tried to kill us and are only signally surprised at their failure.

The noon-day prayer meetings at the Temple are times of power and rich blessing. Quite a crowd of city business men are delighted to pop in and share the blessing day by day and may a word for the Master. About twenty souls have been saved in these meetings during the last few weeks.

It is astonishing how hard some will work to convince the "powers that be" that they are the heart of the matter. Captain the other day that walked eight miles to inform another officer that he was too weak to lead a meeting.

If he had walked the distance telling "War Cry" or visiting, he would have gained "power" sufficient to lead an "All-night."

A rail at Brockville drew into the month the other evening, knocking over the Cadet who narrowly escaped serious injury. It is said the authorities are looking into the matter. We pray the Lord will get hold of him.

To my mind the most charming part of the Canadian Answer is the chapter on the "War Cry" which gives a sketch of the career of every Salvation Army Soldier who did during the past year. There is no more pleasing memento of our work than to read that we can keep by us than the Canadian Answer.

Did your Capt. show it to you? If not, go right down to the general and ask to see it. We are quite sure you will want to purchase when you have seen it.

We know of a Soldier who had been away from home some time and was coming home not finding the Corps in as flourishing condition as it was in his testimony as he found it, and he was going to give a large amount of money if the Corps was as good as it was now. Still next night he stayed alongside the fire when the march was going past and did not come to meeting. Come! I cannot help it worth more than pay.

Do you help in work or do you? We know of a Salvation Soldier who was asked if the Devil ever tempted him to doubt his Salvation, and his answer was: "I have not got time to listen to the Devil. Annet! God waits more workers, are you not?"

"Blessing be the name of God, who grows in the victory through our Lord Jesus Christ." This is the language of our hearts this morning. God has been saving in face of many difficulties. Our hearts leaped with joy on opening this morning's reports of last week, to find that we had been saved at every camp in this division. The snow storm has kept many away from our meetings. Blocked up the roads, and prevented our filling up our appointments. I was at Brockville on Saturday and Sunday, where the fighting has been severe. We have a faithful band there, who have all kinds of difficulties. Before the evening meeting some of the soldiers went to visit a sick comrade, and before leaving had the pleasure of seeing his wife weep her way to Calgary, a true and devoted wife. A true and devoted wife. We came off victorious with two prisoners for our leader. On arriving in Prescott, we were welcomed to a new camp, Mrs. Gertrude Matton, who we may will grow up a blood and fire Salvationist. We had a beautiful crowd of people as the public, and everybody enjoyed themselves. I believe our comrade who drove from Brockville, was escorted to the place where he had to go, and he was very much pleased to have a visit from them that they all wanted to wait on him. We hope they got safely home. I left Prescott on the only train going out, for a few days, looking up new ground, and people seem very much opened up, saying anything to do with the B. A. They have been saved, and are now on the streets. While marching through Lower Town on Sunday afternoon, one of our Soldiers was struck by a villain, with a rough club, which he made people open their eyes to the fact, that God is in and about the B. A. Some of our converts have been registered in the past few weeks, and the work has every prospect of being carried on to an extent which cannot be estimated. A very profitable Saturday and Sunday was spent here with the young converts and the crowds, which came to listen to the word of God. Some concerning holiness and Salvation, were made very plain, and a precious soul stepped from darkness into light. A corps was formed which will be advantageous to the light, and each one making up their mind to spend their talents, and all in doing man and woman from endless darkness, and bringing them to a Father, who is highly to save.

Some more waiting on snow drifts, 65 miles in about 18 hours, lands me in

MONTREAL.

At 1:30 a.m., after a little rest, and a day amongst the books and paper, I sleep in for the night meeting, which is a kind of a disappointment. The contingent on its way to the east, having arrived. Some arrived up somewhere along the line. However the Montreal people know how to bear a disappointment by giving a good collection. So we all go to an enjoyable time, God blessed us very much. One young man volunteered out in the margin of the meeting, and took home "The part of the meeting" to the satisfaction of his soul. Blood up and gave his testimony in French. He had only had the light a few days, and had not accepted Salvation, and could not understand why, until he had the light for years. He had not yet accepted it. This work goes ahead.

We stand the fire.

And there were that night still bent on victory, and we had it, for after a splendid meeting, two souls came out for Salvation and received it.

A lot of shouting went on. The wind rises to almost a hurricane, blocks up the railroad, train is cancelled, and there are 10 miles from home. But we must be at that meeting. We start off on foot, after walking two miles, snow knee deep, to a soldiers house for miles away. At last it is done, we arrive just in time for the meeting, and it was a meeting, truly the Lord seemed to speak in an audible voice, sin was revealed in its true light, and there was a general rush for the pentecost, where about 50 washed, and were made clean through the blood. Glory stream out of their hearts and came out of their mouths. And we pray that in the future it will come out of their lives. One soul for pardon.

A very profitable Saturday and Sunday was spent here with the young converts and the crowds, which came to listen to the word of God. Some concerning holiness and Salvation, were made very plain, and a precious soul stepped from darkness into light. A corps was formed which will be advantageous to the light, and each one making up their mind to spend their talents, and all in doing man and woman from endless darkness, and bringing them to a Father, who is highly to save.

At 1:30 a.m., after a little rest, and a day amongst the books and paper, I sleep in for the night meeting, which is a kind of a disappointment. The contingent on its way to the east, having arrived. Some arrived up somewhere along the line. However the Montreal people know how to bear a disappointment by giving a good collection. So we all go to an enjoyable time, God blessed us very much. One young man volunteered out in the margin of the meeting, and took home "The part of the meeting" to the satisfaction of his soul. Blood up and gave his testimony in French. He had only had the light a few days, and had not accepted Salvation, and could not understand why, until he had the light for years. He had not yet accepted it. This work goes ahead.

where the devil has been showing himself a bit by making the Cadets, and leading some of the Soldiers, but if we can inspire,

We stand the fire.

And there were that night still bent on victory, and we had it, for after a splendid meeting, two souls came out for Salvation and received it.

A lot of shouting went on. The wind rises to almost a hurricane, blocks up the railroad, train is cancelled, and there are 10 miles from home. But we must be at that meeting. We start off on foot, after walking two miles, snow knee deep, to a soldiers house for miles away. At last it is done, we arrive just in time for the meeting, and it was a meeting, truly the Lord seemed to speak in an audible voice, sin was revealed in its true light, and there was a general rush for the pentecost, where about 50 washed, and were made clean through the blood. Glory stream out of their hearts and came out of their mouths. And we pray that in the future it will come out of their lives. One soul for pardon.

Some more patients waiting on snow-bound trains, and we arrive at

Some of our converts have been registered in the past few weeks, and the work has every prospect of being carried on to an extent which cannot be estimated.
